Introduction

This Specification contains necessary information for both candidates and Approved Programme Providers (APPs) about the WSET Level 1 Award in Spirits.

The main part of the document is a detailed statement of the Learning Outcomes of the Level 1 Award in Spirits. These outcomes should be used by APPs to prepare programmes of learning, and by candidates to plan their studies, because the examination is specifically set to test these outcomes.

The Specification also provides a list of recommended tasting samples, guidance concerning the examination and the examination regulations.

At the end of this document you will also find information on the other WSET qualifications.

Introduction to the WSET Level 1 Award in Spirits

Qualification aims

The WSET Level 1 Award in Spirits is intended for people who have little or no prior knowledge of spirits. It is designed to provide a sound but simple introduction to spirits, and will assist those who need a basic familiarity with the main styles and categories, for example people who work with spirits in the retail and hospitality sectors.

Successful candidates will be able to list the principal spirits categories, state their defining characteristics, and know the key principles involved in creating a balanced cocktail. They will consequently be able to answer customer queries and provide recommendations for spirits service.

Qualification structure

Learning outcomes

In order to meet the qualification aims there are three Learning Outcomes.

Learning outcome 1	List and state the purpose of the main production processes and stills commonly used in the production of spirits.
Learning outcome 2	Name the principal categories and types of spirits and aromatised wines and state their defining characteristics.
Learning outcome 3	Know the principles used to create a balanced cocktail and name some core cocktail families.

Entry requirements

There are no restrictions on entry to the WSET Level 1 Award in Spirits.

Please refer to section Entry Requirements on page 13 for additional eligibility information.

Total Qualification Time (TQT) and Guided Learning Hours (GLH)

TQT is an estimate of the total amount of time, measured in hours, that a learner would reasonably need to be able to show the level of achievement necessary for the award of a qualification. It is made up of GLH and private study time. GLH include all tutor-supervised learning and supervised assessments.

The TQT for the Level 1 Award in Spirits is 6 hours of GLH. This includes 45 minutes for the examination.

Recommended progression routes

The WSET Level 1 Award in Spirits provides a good foundation for progressing to the WSET Level 2 Award in Spirits.
